

FREE LABORATORY SYMPOSIUM

THE VIRTUAL LABORATORY IS HERE! BEYOND THE FOUR WALLS OF YOUR LABORATORY LIES A VAST WORLD OF DATA AND RESOURCES. LEARN HOW YOU CAN CONNECT ISLANDS OF INFORMATION WITH LABVANTAGE AND INTERNET TECHNOLOGY AND FUEL YOUR DISCOVERY PROCESS LIKE NEVER BEFORE.

With the LabVantage Sapphire™ solution software, you'll have all the advantages that drive profitability:

- Superior plate management processes
- Connectivity between disparate islands of information
- Web-enabled communication around the globe
- Flexible, future-ready infrastructure
- Proven implementation methodology

Come to our seminar and come away with a world of knowledge.

SEMINAR AGENDA

9:00-9:45 am

Building the Virtual Informatics Laboratory Today

Understand how to build a world-class virtual informatics laboratory environment that reaches beyond the standard walls. Find out how leading informatics laboratories apply this technology to their research processes.

9:45-10:30 am

Research Takes Research

Presented by Advanced Chemistry Development. Integrated analytical data management, including spectral data, has long been a major challenge for laboratories. This need is addressed and expanded to include connectivity to chemical structures and spectra. Learn more about a solution that delivers sample, structure, spectral and chromatographic data management.

10:45-11:45 am

The LabVantage Informatics Solution

Enjoy a brief demonstration of how a world-class informatics solution can be assembled quickly and configured to meet your changing needs.

11:45-12:00 noon

Wrap-up and Questions

Please accept our "thank-you" gift for attending.

LabVantage™
LEADING SOLUTIONS
for leading laboratories

2001 SEMINAR SCHEDULE

The Americas:

Princeton, NJ	March 20
Cambridge, MA	March 21
Gaithersburg, MD	March 22
Research Triangle Park, NC	March 29
San Jose, CA	April 4
Orange County, CA	April 5

EMEA:

Oxford, England	March 20
Cambridge, England	March 21
Stockholm, Sweden	March 22
Leiden, Netherlands	April 10
Basle, Switzerland	April 11
Berlin, Germany	April 12
Munich, Germany	April 13

Register Today!

Register online at
www.labvantage.com/informatics
or call 888-346-5467.

**Seats are limited,
so don't delay!**

FREE GIFT

Attend our seminar and receive a free copy of *The Billion-Dollar Molecule* by Barry Werth.
